# Group 58 PhotoAlbum Storyboard

When the user first opens the application, they will be asked to log in

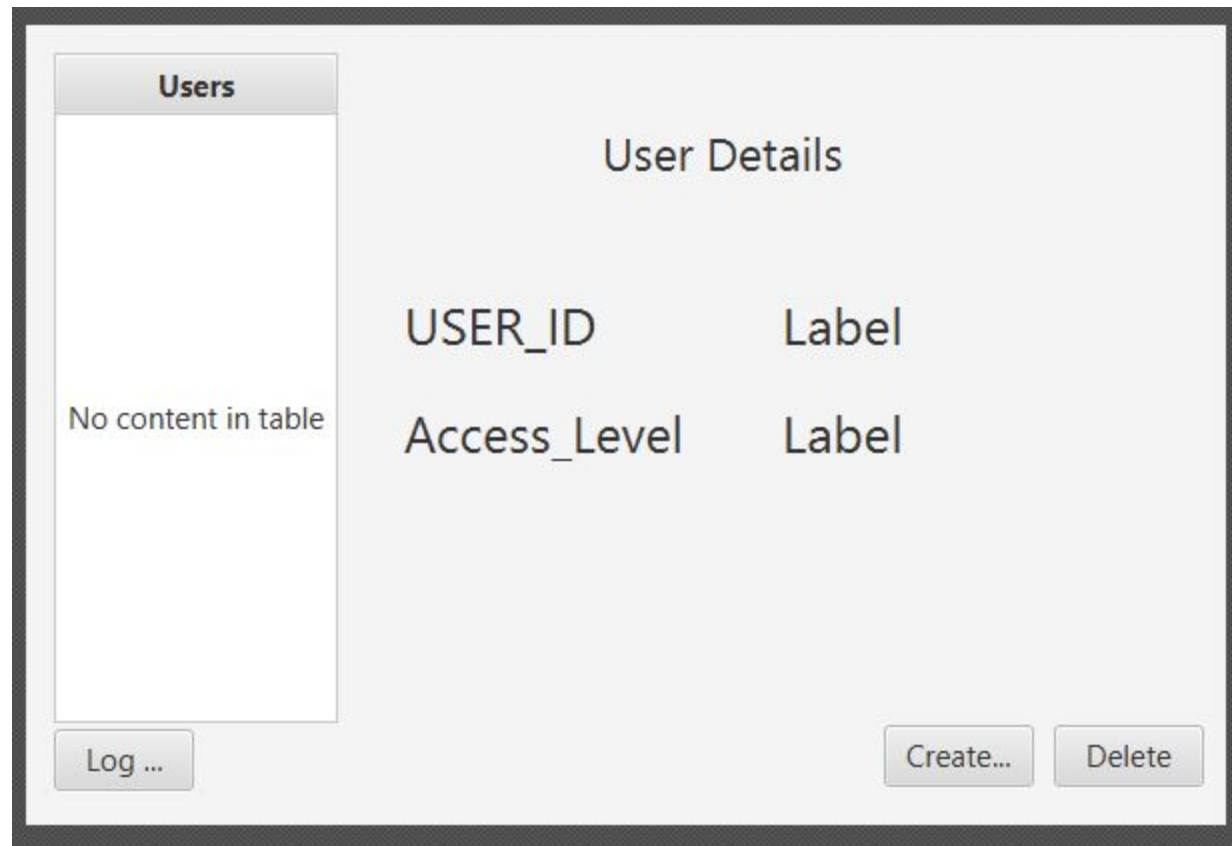

Please Log In

Username

Enter Exit

The image shows a storyboard frame for a login screen. It contains the text 'Please Log In' centered at the top. Below it is a text input field with the placeholder text 'Username'. At the bottom, there are two buttons: 'Enter' and 'Exit'.

If the user is an admin, they will be taken to the admin page:

The image shows a web application interface for managing users. It features a sidebar on the left with a 'Users' header and a table area that is currently empty, displaying the text 'No content in table'. Below the table is a 'Log ...' button. The main content area is titled 'User Details' and contains two rows of labels: 'USER\_ID' and 'Access\_Level', each followed by a 'Label' text. At the bottom right of the main area are two buttons: 'Create...' and 'Delete'.

Users	
No content in table	

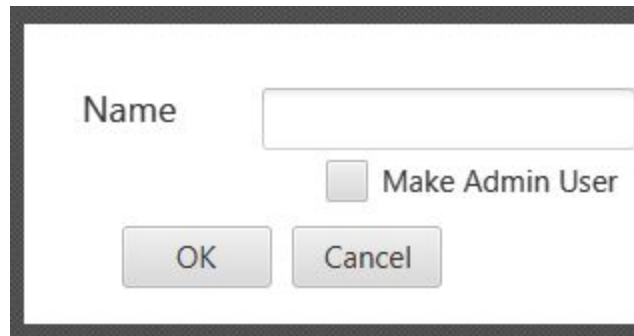

Log ...

### User Details

USER_ID	Label
Access_Level	Label

Create... Delete

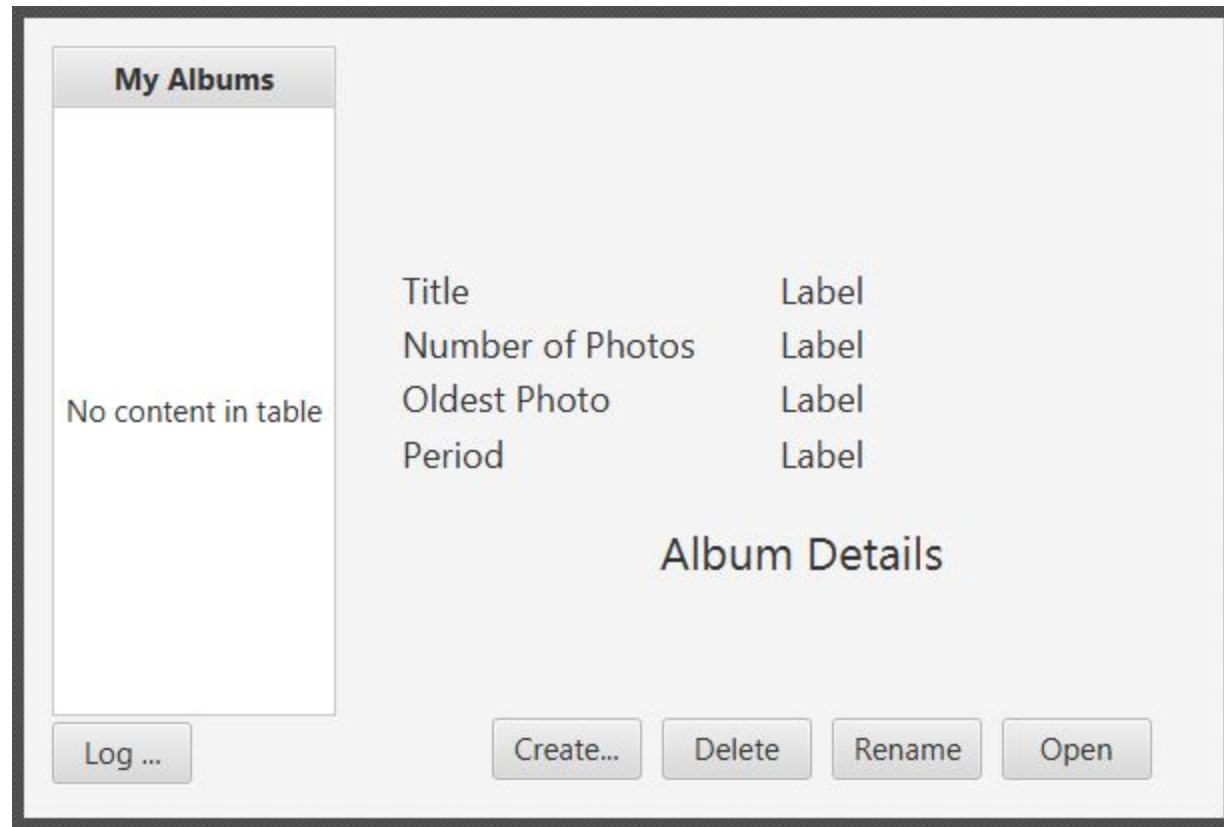

From there they can add a new user:

Name

☐ Make Admin User

All lower level users will be taken to an Albums viewing page:

The image shows a web interface for viewing albums. On the left, there is a sidebar with a header "My Albums" and a large empty box containing the text "No content in table". Below this box is a button labeled "Log ...". The main area on the right contains a table with four rows of labels: "Title", "Number of Photos", "Oldest Photo", and "Period". Each row has a corresponding "Label" column. Below the table is the heading "Album Details". At the bottom of the main area, there are four buttons: "Create...", "Delete", "Rename", and "Open".

Title	Label
Number of Photos	Label
Oldest Photo	Label
Period	Label

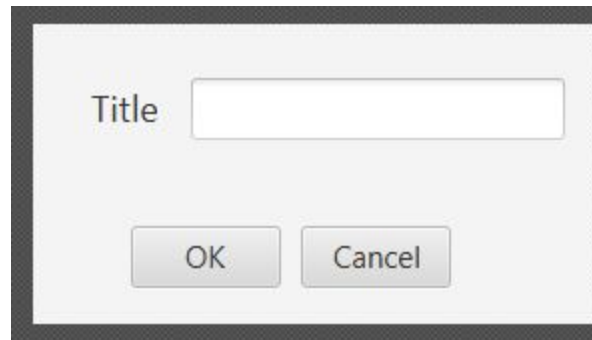

Album Details

Log ...

Create... Delete Rename Open

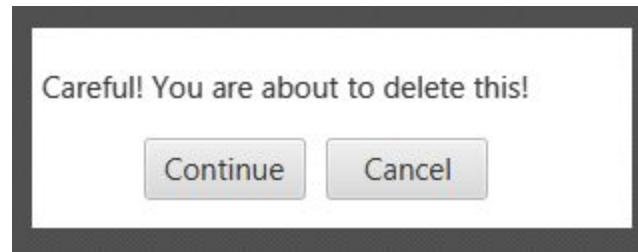

^^^ Log.. is supposed to be "Log Out"

Create and rename will bring up an edit dialog box:

An edit dialog box with a light gray background and a dark gray border. It contains a label 'Title' followed by a text input field. Below the input field are two buttons: 'OK' and 'Cancel'.

Hitting delete will bring up a warning:

A warning dialog box with a white background and a dark gray border. It contains the text 'Careful! You are about to delete this!' and two buttons: 'Continue' and 'Cancel'.

If they choose to open an album, they will see this:

**My Photos**

No content in table
